

PROFESSIONAL SUMMARY

Data Science and Finance professional (M.S. Business Analytics, UFL Dec 2026) and CPA with 4+ years of experience building machine learning models, designing cloud-based analytics pipelines, and delivering finance transformation insights. Proficient in Python, SQL, AWS/Azure, and generative AI frameworks; background in financial planning, forecasting, audit, and internal controls enables end-to-end finance AI solution design and stakeholder communication.

TECHNICAL SKILLS

AI & Machine Learning:	Python (scikit-learn, PySpark, statsmodels) · Anomaly Detection · SARIMA · Regression · GenAI
Cloud Platforms:	AWS · Azure (Data Lake, Databricks, Synapse) · Snowflake · SQL · Power Query
BI & Visualization:	Power BI · Tableau · DAX · Excel · Google Analytics
Finance Domain:	FP&A; · Budgeting & Forecasting · R2R · P2P · US GAAP · IFRS · SOX · CPA
Project & Collaboration:	Jira · Agile · Confluence · Cross-functional Team Leadership

PROFESSIONAL EXPERIENCE

Data Science Team Lead – Consumer Insights Analyst <i>Bank of America (UF Practicum Project)</i> - Architected and deployed anomaly-detection models (SARIMA, regression, Nelson Rules) using Python and scikit-learn to monitor transaction irregularities across 3,000+ financial centers within a CRISP-DM framework. - Built end-to-end Python pipelines (PySpark, Pandas, NumPy) for data ingestion, feature engineering, model training, and evaluation on ~10 GB of financial datasets. - Designed and validated dashboards surfacing KPI anomalies and trend signals; translated model outcomes into executive-ready strategic recommendations for board-level stakeholders. - Leveraged exploratory data analysis, statistical modeling, and machine learning to improve data-quality workflows and detection accuracy in a fast-paced financial environment.	Sep 2025 – May 2026 Gainesville, FL
Semi-Senior Internal Control Consultant <i>Deloitte – Strategy, Risk & Transactions</i> - Designed 20+ internal control mechanisms and fraud-mitigation frameworks for Tier-1 automotive and technology clients, supporting finance and compliance transformation across 20+ departments. - Executed SOC 1 / SOC 2 readiness engagements—analyzing IT controls, process documentation, and cybersecurity procedures—to prepare clients for regulatory and operational risk requirements. - Led multi-department risk assessments and gap analyses; translated findings into actionable control activities adopted across client finance and operations organizations. - Collaborated with CFOs and controllers in bilingual, cross-functional Agile teams to implement solutions that measurably reduced operational and compliance risk.	Feb 2024 – Aug 2025 Buenos Aires, Argentina
Semi-Senior External Auditor <i>Deloitte – External Audit</i> - Executed substantive testing on cash, receivables, revenue, and fixed assets for large-scale clients (>\$10M revenue); validated investment portfolios including stocks, bonds, and mutual funds. - Led planning and execution of Tier-3 financial-audit engagements: risk assessment, materiality estimation, testing-strategy design, and review of junior-auditor work. - Prepared AML compliance procedures and financial reconciliations; facilitated third-party confirmations and regulatory-reporting workflows. - Conducted analytical and valuation testing to ensure financial-statement accuracy in accordance with IFRS and local GAAP standards.	Aug 2022 – Feb 2024 Buenos Aires, Argentina
Consulting Committee Analyst <i>UF AIS Organization</i> - Delivered data-driven consulting to nonprofits using Python, Power BI, R, and Tableau for business-insights discovery and operational optimization. - Developed a Power BI dashboard for a high-volume nonprofit call center analyzing 300+ daily calls, enabling real-time monitoring of community-assistance KPIs.	Aug 2025 – Present Gainesville, FL

- Connected data sources to AWS cloud via Power Query and data-lake pipelines, enabling automated refreshes and dynamic dashboard updates.

EDUCATION

M.S. Business Analytics (GPA 3.94)

University of Florida

Expected Dec 2026 | Gainesville, FL

B.S. Accounting — Cum Laude (GPA 8.9/10)

Argentine University of Enterprise (UADE)

Dec 2022 | Buenos Aires, AR

CERTIFICATIONS & LANGUAGES

- Certified Public Accountant (CPA)
- Google Analytics Certification
- IBM: SQL and Relational Databases 101 | Data Analysis with Python
- Microsoft: Create Machine Learning Models
- US GAAP and IFRS Programs (Deloitte)
- TOEFL iBT: 110 | Native: Spanish, Chinese; Fluent: English; Intermediate: Italian (CILS B2)
