ERP & Platforms:	SAP · Snowflake · Microsoft Access · Jira · Confluence
Process Cycles:	Record-to-Report · Procure-to-Pay · Order-to-Cash · Financial Modeling
Soft Skills:	Executive Communication · Cross-cultural Team Leadership · Agile · Mentoring

PROFESSIONAL EXPERIENCE

Semi-Senior Internal Control Consultant Deloitte – Strategy, Risk & Transactions - Designed and implemented 20+ internal control mechanisms across 20+ departments for Tier-1 automotive and technology clients, directly supporting R2R, P2P, and O2C process optimization. - Led risk assessments, gap analyses, and control-activity design for multi-department engagements; recommended improvements adopted across more than 3 Tier-1 client organizations. - Directed fraud-detection and internal-control framework deployment across two manufacturing plants, enhancing regulatory compliance and operational efficiency. - Executed SOC 1 / SOC 2 readiness engagements—process documentation, IT controls review, and cybersecurity procedure analysis—collaborating directly with client CFOs and controllers. - Coordinated cross-functional bilingual teams of 15+ members using Agile methodology, ensuring delivery excellence across complex, multi-stakeholder engagements.	Feb 2024 – Aug 2025 Buenos Aires, Argentina
Semi-Senior External Auditor Deloitte – External Audit - Led Tier-3 financial audit engagements end-to-end: risk assessment, materiality estimation, testing-strategy design, valuation testing, and junior-auditor oversight. - Performed substantive testing on R2R accounts (cash, receivables, revenue, fixed assets) for clients exceeding \$10M annual revenue; validated investment portfolios under IFRS. - Prepared AML compliance procedures, financial reconciliations, and third-party confirmations; supported regulatory-reporting workflows for insurance clients. - Applied analytical and valuation methodologies to identify misstatements and recommend corrective actions aligned with US GAAP and IFRS standards.	Aug 2022 – Feb 2024 Buenos Aires, Argentina
Data Science Team Lead – Consumer Insights Analyst Bank of America (UF Practicum Project) - Led a cross-functional data science team applying Python, feature engineering, and CRISP-DM methodology to build anomaly-detection models monitoring 3,000+ financial centers. - Managed and analyzed ~10 GB of high-volume customer and transaction datasets to generate strategic insights for senior and board-level stakeholders. - Designed SARIMA, Nelson-Rules, and regression models to detect transaction irregularities; investigated root causes and delivered data-driven remediation recommendations. - Refined Python pipelines (PySpark, Pandas, scikit-learn), validated dashboards, and improved data quality workflows across the full model lifecycle. - Presented model outcomes and strategic recommendations to project sponsors and senior leadership, translating complex analytics into executive-ready narratives.	Sep 2025 – May 2026 Gainesville, FL
Junior External Auditor BDO – External Audit Division	Feb 2022 – Aug 2022 Buenos Aires, Argentina

- Performed substantive and analytical testing on cash, revenue, receivables, and fixed assets.
- Managed third-party confirmations and collaborated with international BDO engagement teams.
